NH toll plazas may go cashless from April 1

Highways authority NHAI is considering discontinuing cash payments at national highway toll plazas from April 1 to develop a fully digital national highway tolling ecosystem, requiring commuters to use only digital modes such as FASTag or UPI for toll payments.

The transition will help enhance 'ease of commuting' for national highway users by reducing congestion at fee plazas and bringing greater consistency and transparency in toll transactions.

In the past few years, over 98% penetration of FASTag has significantly transformed toll collection practices in the country. At present, an overwhelming proportion of

toll transactions are processed electronically through RFID-enabled FASTag affixed to vehicles, facilitating seamless and contactless movement across toll plazas.

₹25,000 fine imposed for violating clean and safe construction norms

By N Rathi Chithra

THE Greater Chennai Corporation (GCC) has imposed a penalty of ₹25,000 on a property owner in Anna Nagar for violating clean and safe construction guidelines in Ward 105. The fine was levied following an inspection by civic officials who found that mandatory safety and sanitation norms were not adhered to at a construction site in the locality.

According to Corporation sources, the violation falls under the "High Significance" category of offences, applicable to construction sites measuring between 500 square metres and 20,000 square metres. Officials stated that the builder had failed to comply with prescribed guidelines intended to ensure public safety, prevent debris spillage, and maintain cleanliness around the construction premises.

The action was taken by officials attached to the Anna Nagar Zone after complaints were received regarding poor housekeeping practices at the site. Civic authorities conduct-

ed a field inspection and documented lapses including improper disposal of construction waste and failure to implement adequate safety measures.

A receipt issued by the Greater Chennai Corporation dated February 17, 2026, confirms that the penalty amount of ₹25,000 was collected from the violator. The payment was made through card transaction, and the Corporation has officially recorded the violation under clean and safe construction norms. Corporation officials reiterated that construction activities must strictly adhere to civic guidelines, especially in densely populated residential areas such as Anna Nagar. "The guidelines are in place to ensure that construction does not inconvenience residents or pose risks to pedestrians

and motorists. Builders are expected to maintain barricading, prevent dust pollution, and ensure proper waste disposal," an official said. Residents of Ward 105 have welcomed the action, stating that enforcement of norms is essential to maintain public health and neighbourhood hygiene. "Construction debris often blocks pavements and roads, creating hazards. Strict penalties will act as a deterrent," said a resident of Anna Nagar.

The Greater Chennai Corporation has been intensifying its monitoring of construction sites across the city, particularly in rapidly developing zones. Officials warned that repeat violations would attract higher penalties and further legal action under municipal laws.

The civic body has also urged residents to report instances of unsafe or unhygienic construction practices through its helpline and grievance redressal mechanisms. Authorities emphasised that maintaining cleanliness and safety standards is a shared responsibility between builders and the public.

Singing competition for the visually impaired

NETHRODAYA hosted the South Indian Level Singing Competition for the Visually Impaired – 2026, a cultural platform celebrating the extraordinary musical talent of visually impaired singers across South India on Feb 19. Popular playback singers graced the event as juries, lending their expertise to this landmark event.

The competition featured participants from Kerala, Andhra Pradesh, Karnataka, Puducherry, Telangana, and Tamil Nadu, all competed for the coveted title of South Indian Singing Icon 2026. Hundreds of talented

visually impaired singers took part in this grand musical celebration.

The founder of Nethrodaya Mr. C. Govindakrishnan firmly believes that entertainment and culture are inclusive spaces for all. Renowned Indian Music Composer Sean Roldan graced the occasion as Chief Guest and presented the Winner Trophy to Ms. P. Saleena

from Kerala. Cash awards to the tune of 1,00,000/- were given to the winner and runner up. In addition, Nethrodaya submitted a recommendation to, Commissioner for Welfare of Differently Abled, Govt. of Tamil Nadu, to introduce a dedicated welfare scheme supporting talented visually impaired beneficiaries in music by providing musical instruments and structured assistance to help create sustainable employment opportunities.

Tree waste piles up at EB Road Park

By Our Correspondent

LARGE heaps of dried palm fronds, branches and fallen leaves have been lying uncleared for days at EB Road Park in Mogappair East, triggering concern among residents about hygiene, fire hazards and the overall neglect of the public space.

A visit to the park revealed mounds of tree waste stacked along the compound wall and near the pedestrian pathway. The dried foliage, including palm leaves and trimmed branches, has formed sizable piles beneath trees inside the park premises. Some of the debris has spilled close to the walking track, forcing morning walkers to navigate around it.

"Leaving the waste like this for days defeats the purpose," said Mayuran, a local resident and regular walker at the park. "Dry leaves and palm fronds can easily catch fire, especially in this weather. It is a serious safety risk."

Another resident, Sheena Krishnan, pointed out the hygiene concerns. "When organic waste is left uncleared, it becomes a breeding ground for insects and mosquitoes. We already struggle with mosquito issues in this area. The authorities must ensure immediate clearance after maintenance work," she said.

Parents accompanying children to the park also expressed worry. "Children play here in the evenings. With such large heaps of dried branches, there is always the danger of sharp sticks causing injuries," said Ram Prakash, who lives nearby. Apart from safety

concerns, residents said the accumulation of waste detracts from the park's appearance. EB Road Park is one of the few spaces in Mogappair East used by senior citizens, walkers and families. "We take pride in this park. It should not look like a dumping yard," said a member of a local residents' welfare association.

Locals have urged the Greater Chennai Corporation to step in and ensure timely removal of tree waste after pruning operations. They have also called for a more systematic schedule for garden maintenance and waste disposal.

When contacted, a civic official from the zone said the matter would be looked into. "We will check with the concerned department and arrange for the immediate clearance of the accumulated waste," the official said.

Residents hope swift action will be taken to restore the park to a clean and safe condition, particularly as summer approaches and the risk of fire increases.

Santhoshika's mesmerizing bharatanatyam

IN a captivating celebration of devotion and artistry, students of Santhoshika Academy of Fine Arts enthralled a large gathering at the historic Arulmigu Thiruvallidhayam Thiruvalléeswarar Temple (Padi Sivan Temple), a revered Paadal Petra Sthalam, during Maha Shivaratri on Feb 15.

Under the expert guidance of Guru Natyakalarathna Smt. Dr. Usha, the academy's students presented a beautifully composed and flawlessly

executed Bharatanatyam performance dedicated to Lord Shiva. The divine grace of the ancient temple, one of the sacred Tevaram shrines, amplified the spiritual ambiance as the dancers portrayed themes of devotion and cosmic harmony before an appreciative crowd of devotees and art lovers.

Established in 2000, Santhoshika Academy of Fine Arts has been nurturing talent in classical and contemporary arts for over two decades. The

academy offers comprehensive courses in Bharatanatyam, Carnatic Vocal, Violin, Veenai, Yoga, Drawing, Western Dance, Keyboard, Guitar, and more, catering to learners of all ages. For enquiries and admissions, contact: 7299989655 or 7299989656.

This soul-stirring presentation exemplified the perfect blend of tradition, talent, and temple devotion, leaving attendees inspired on the auspicious night of Maha Shivaratri.

This Award Function was conducted by Aram Seiya Virumbu Arakkattalai.

Project 100: A landmark school ensemble featuring 105 students

PONNERI recently witnessed an extraordinary milestone in school-level music education with Project 100, a grand ensemble presentation by the Cadence School of Music and Performance Arts, the Department of Music of Velammal Knowledge Park Group of Schools. The event was held at the MS Subbulakshmi Auditorium, Velammal Knowledge Park, Ponneri on Feb. 14.

The highlight of the evening was a magnificent 105-member String Ensemble comprising violins, violas and cellos - all trained within a single educational institution. This ensemble is believed to be among the first

of its kind in India, and possibly one of the largest school-based string ensembles in the world drawn from a single campus ecosystem.

Project 100 is the visionary initiative of Mr MVM. Sasikumar and Smt. Geetanjali Sasikumar, Directors of Velammal Knowledge Park Group of Schools.

Beyond the historic string ensemble, the evening featured:

A 50-member Recorder Ensemble trained under an international curriculum; A 50-member Guitar Ensemble; A Percussion Solo by Master Vishwa (Std. IV, Velammal Bodhi Campus, Salem), recognised as the

world's youngest drummer to have completed Grade 8 from Trinity College London; A Classical Guitar Recital; A Piano Recital; A Choir Presentation

The gathering was welcomed by Mr. Godwin Jebakumar, Head of the Department, Cadence School of Music and Performance Arts.

College girl files privacy complaint against YouTuber

By N Rath Chithra

A police complaint has been filed at the Anna Nagar Police Station against a YouTuber for allegedly recording and publishing a video of him helping a college girl a college student, who felt dizzy while walking on a road in Anna Nagar without her consent.

According to the complaint, the incident occurred last week in Anna Nagar when the student, who was walking along a busy stretch, suddenly felt dizzy. The YouTuber, who was riding a two-wheeler equipped with a helmet camera, reportedly stopped and helped her. The entire episode was captured on his action camera, which he later uploaded on his social media platform.

The student has alleged that while the assistance offered to her was appreciated, the act of filming and publishing the footage without her permission amounted to a violation of her privacy. She and her parents came to know of the video after it began

circulating online in recent days. Shocked by its content, they reportedly approached the content creator and sought the removal of the video. Subsequently, a formal complaint was lodged with the Anna Nagar police.

Police sources con-

firmed an inquiry is under way. "We have received a complaint from the student stating that the video was recorded and shared without her consent. We are examining the legal aspects, including whether her right to privacy has been infringed," a police

officer said.

Legal experts point out that while helping a person in distress is an act of humanity, recording and sharing visuals of an individual in a vulnerable con-

dition without consent can raise serious legal concerns. "The right to privacy is protected under Article 21 of the Constitution. Even in a public place, capturing and disseminat-

ing images of someone in a weakened or unconscious state without permission may amount to a violation," said an advocate familiar with cyber law.
