Chennai Book Fair's logo unveiled

CHENNAI Book Fair's golden Jubilee logo was unveiled and the web site launched by the Tamil Nadu Legislative Assembly Speaker JCD Prabhakar on Friday. The book fair will be held from

January 7-19 at the YMCA Grounds, Nandanam. Organised by Booksellers and Publishers Association of South India (BAPASI), the golden jubilee edition will feature a series of special

programmes aimed at attracting readers, students, writers and publishers. BAPASI plans to invite and honour Nobel Prize-winning authors in literature as special guests, and also represen-

tatives of Tamil associations from different countries to strengthen their association with the Chennai Book Fair, as a way to promote Tamil books and reading among younger generations living

abroad. The association will also honour senior scholars and writers from different Indian languages, particularly those aged above 60, for their contribution to literature and languages.

Ambattur SIDCO canal desilting reviewed ahead of monsoon

By N Rathi Chithra

WITH the northeast monsoon expected to bring heavy spells of rain to the city, the Greater Chennai Corporation has stepped up preventive measures in Ambattur, with senior officials inspecting desilting work being carried out along the SIDCO canal in Ward 91.

Greater Chennai Corporation (Central Region) Deputy Commissioner H R Kaushik recently inspected the ongoing desilting work at the canal as part of the Corporation's monsoon preparedness measures.

The inspection focused on the progress of removal of silt and accumulated waste from the

waterway to ensure that it can carry stormwater without obstruction during periods of heavy rainfall.

The canal, which runs through a built-up part of Ambattur, is an important drainage channel for the surrounding residential areas. Portions of the waterway were seen carrying a layer of dark,

stagnant water, with silt and waste accumulated along the bed. An excavator was used to remove the accumulated material from the canal. The inspection comes at a time when the Corporation is carrying out desilting and other flood-prevention works across vulnerable locations in the city ahead of the northeast monsoon.

Officials accompanying the Deputy Commissioner reviewed the ongoing work and the condition of the canal. The objective, according to the Corporation, is to ensure that the drainage network is kept free of blockages and is ready to handle increased flows during intense rainfall.

The Corporation's monsoon preparedness programme

includes identifying vulnerable stretches, clearing drains and canals, removing obstructions and ensuring that watercourses are able to carry excess rainwater.

The Corporation has been undertaking similar preventive works in different parts of the city, with officials expected to monitor the progress of desilting and other flood-mitigation measures.

For residents living around the SIDCO canal, the effectiveness of the work will ultimately depend not only on the removal of the accumulated silt but also on maintaining the waterway and preventing fresh dumping and blockages before and during the monsoon.

Smart classroom to Govt Boys High School

Legget & Platt with support of INDIA NGO has dedicated a smart classroom to Government Boys High School, at Maraimalai Adigalar Salai, East Mogappair on Sept 25. Latest version HD Smart-board with 10 sets of Desks & Benches are highlights of this smart classroom.

The program was graced by EHS Global Mr. William Wright, HR & Admin Head Mrs. Rajeswari, Plant Head Mr. Balachander along with implementing partner INDIA NGO President Rtn. S. Krishnamurthy and the School Headmaster Mr. Udhayakumar.

Book exhibition on Gandhiji in Mogappair

M.D.Chander, a senior citizen living in Mogappair and a volunteer at Gandhi Peace Foundation, Madras, will have the annual Gandhi Book Exhibition at his residence from Oct 3 to 10.

This year being 157th birth anniversary of Mahatma Gandhi, the exhibition is open with a collection of books by M.K.Gandhi and books authored by eminent authors on Gandhiji and a rare book collections of Harijan newspapers and more.

A special feature for the visitors this year will be to sit and hear the original audio clips of Mahatma Gandhi spoken at various occasions during the freedom movement. For more details contact Mr M.D Chandar (Ph: 9176033837)

Venue: 5/12, 5th Block, Mogappair West.

Timings: 10 a m to 1 p m & 5 to 9 p m.

Ambattur leads Chennai zones in removal of mosquito-breeding waste

By Our Correspondent

THE Ambattur Zone has emerged as the Greater Chennai Corporation's top performer in the removal of unused articles that can potentially become mosquito-breeding sources, with civic workers clearing 208 kg of such materials on Sept.23.

According to data released by the Corporation's Public Health Vector Control Department, teams across all 15 zones removed 1,773.6 kg of unused articles and 547.8 kg of used tyres as part of its daily source-reduction and tyre-removal drive.

Ambattur Zone, or Zone 7, accounted for the highest quantity of unused articles removed during the exercise. It also cleared 70 kg of used tyres, taking its combined removal to 278 kg.

"The exercise was focussed on eliminating materials that can collect stagnant water and provide breeding grounds for mosquitoes. The Corporation has been conducting such source-reduction activities as part of its public health measures," an official of the Ambattur Zone said.

"The focus is on cleaning up potential breeding spots before they become a public health concern," the civic official said while explaining the objective of the daily exercise.

The campaign's message is succinct: "Remove stagnant water - Prevent mosquito breeding." The Corporation has also urged residents and establishments to avoid allowing discarded materials, particularly tyres and other water-holding articles, to accumulate in their premises.

While Ambattur recorded the highest removal of unused articles, Teynampet Zone topped the list for used tyres, with 135.5 kg removed.

The data showed significant differences among the zones. Thiruvottiur removed 32 kg of used tyres and 22 kg of unused articles, while Manali recorded 15 kg and 114.5 kg respectively. Madhavaram accounted for 22 kg of tyres and 110 kg of unused articles, while Tondiarpet removed 12 kg and 43 kg.

Royapuram Zone cleared 64 kg of used tyres and 92 kg of unused articles, while Thiru.Vi.Ka Nagar recorded 27 kg and 132.5 kg respectively.

Among the other zones, Anna Nagar removed 39.5 kg

of used tyres and 123.2 kg of unused articles. Kodambakkam recorded 37 kg and 170 kg respectively, while Valasaravakkam accounted for 20 kg and 90.1 kg.

Alandur removed 10.8 kg of tyres and 78.5 kg of unused articles, while Adyar recorded 9 kg and 115.3 kg. Perungudi cleared 28 kg of tyres and 113.5 kg of unused articles, and Sholinganallur recorded 26 kg and 121 kg.

The Corporation's appeal to residents remains simple: "Clean up the breeding spots." The Sept 23 exercise, officials said, was undertaken to highlight the importance of sustained source reduction rather than waiting for mosquito breeding to become evident.

Ms. Saranya, Senior Secondary Headmistress of Vellammal Vidyalaya, West Mogappair, was honoured with the 'Best Teacher – West Cluster' award by Chennai Sahodaya.

Free drinking water ATM remain defunct in Mogappair

By Our Correspondent

A Smart Water ATM installed by the Chennai Metropolitan Water Supply and Sewerage Board (CMWSSB), popularly known as Metrowater, on Vellalar Street in Mogappair has remained non-functional, leaving residents disappointed over the failure of a facility meant to provide free drinking water at the touch of a button.

The Smart Water ATM was installed less than a year ago with the objective of making drinking water easily accessible to the public. Users were supposed to be able to obtain drinking water simply by pressing the dispensing button. However, the facility is now lying idle and

residents said the machine has not been serving its intended purpose.

The unit has separate dispensing provisions and instructions asking users to double-tap the button. It also prominently carries the message that drinking water is provided free of cost. With the machine currently not functioning, however, residents and passers-by are unable to use the facility. Residents said the Smart Water ATM was a welcome initiative, particularly in a busy locality where pedestrians, workers, delivery personnel and motorists may need access to drinking water.

"It was a useful facility because people could get drinking water simply by pressing a button. But it is disappointing to see it not

working within a year of installation. Such facilities should be maintained regularly," said a resident of Vellalar Street. Another resident said a public drinking water facility would be meaningful only if it remained operational.

"The purpose of installing a free water ATM is defeated when it remains unused. People should be able to depend on it whenever they need drinking water. The Metrowater Board should inspect it and restore it at the earliest," he said. Residents also pointed out that the facility has been prominently branded as a Smart Water ATM, with instructions displayed for users. They said similar attention should be given to its maintenance to ensure that the investment

made in the facility does not go to waste.

They urged the CMWSSB to inspect the unit, ascertain the reason for the malfunction and restore the water dispensing system. They also sought periodic maintenance and monitoring of such Smart Water ATMs so that technical problems are addressed before the facilities remain unusable for prolonged periods.

With Chennai witnessing high temperatures for much of the year, residents said access to free drinking water in public places is an important civic amenity.

The residents hope that the Metrowater Board will take note of the non-functional Smart Water ATM on Vellalar Street and restore it soon.

It's worse when it rains!!

THE feeder road opposite to Velammal Hall in Mogappair west leading to Maduravoyal is being closed due to Storm water

drain works for more than a fortnight. This stretch is in the news almost every other day for the wrong reasons. Commuters al-

lege that encroachments on roads, footpaths and overall water stagnation on the subway, even for a slight downpour, makes things difficult. The situation becomes particularly chaotic during peak hours when school buses, office-goers, students and private transport converge on this congested stretch. This road incidentally happens to be the only connectivity to Mel Ayanambakkam, that houses many schools. It's high time the authorities concerned find a permanent solution to this problem.

A traffic rules and safety awareness activity was conducted at VKids West. The activity created awareness about road safety and responsible behaviour.

Kamaljeet & Suruchi bag 1st gold in shooting

By R Srinivasa Raghavan

KAMALJEET and Suruchi Singh came into form to strike gold in the 10m air pistol mixed team event at the Asian Games in Nagoya on Saturday. They won the event with a score of 484.6, which was an Asian record. It was also India's first gold in shooting.

Aishwary Pratap Singh, Rudranksh Patil and Niraj Kumar bagged a silver medal in the 50m 3 rifle team event. China took the gold.

India's Gulveer Singh bagged the silver in the men's 10,000m with a timing of 28:29.38s. He had

been working with Scott Simmons in Colorado Springs, US. It has worked wonders for him. In India he practises at the Anju Bobby George Academy in Bengaluru.

Baranica Elangovan became the first Indian woman to win a bronze medal in Pole Vault. She cleared 4.15 metres to achieve that feat. Misaki Morota of Japan earned the gold with a jump of 4.55m.

India hold Panama

India held higher-ranked Panama 1-1 in a football friendly at Sree Kanteerva Stadium, Bengaluru. Ryan Williams put India ahead

SPORTS ROUND-UP

in the 41st minute. However, India's joy was short lived as Omar Valencia equalised in the 68th minute.

Gukesh wins it for India

Uzbekistan jumped into the lead again in the Open section of the 46th Chess Olympiad in Samarkhand, Uzbekistan. Victories by Nodirbek Abdusattorov and Nodirbek Yakkubov over Fabiano Caruana and Hans Niemann in the ninth round fetched them a 2.5-1.5 victory over USA. Wesley So scored over Javokhir Sindarov but

it was not enough for the Americans. Uzbeks nosed ahead with 16 match points.

It was a good recovery by Uzbeks, who had lost to Germany in the eighth round.

Dommaraju Gukesh victory from a clear minus position against Alexander Donchenko gave India 2.5-1.5 victory, with the rest of the games ending in draws. India occupied the joint second spot with Uzbekistan 2 and Armenia (all 15 match points). Uzbekistan 2 posted a crushing 3.5-0.5 victory over The Netherlands.

In the women's section, China jumped into the

lead with 17 match points at the end of the ninth round of Chess Olympiad. China defeated Armenia convincingly 3-1, with victories from Zhu Jiner and Lu Miaoyi over Lilit Mkrtchian and Elina Danielian.

There was a three-way tie for second spot between India, Kazakhstan and Mongolia (all 15). India posted a comfortable 3-1 victory over Uzbekistan. Divya Deshmukh posted a victory against Gulrukhbegim Tokhirjonova, while Vantika Agarwal prevailed over Nilufarkhon Immonkuzieva.

(The writer of this article is a senior sports correspondent)

METRO WATER TAX COUNTERS TO STAY OPEN TODAY

THE Chennai Metropolitan Water Supply and Sewerage Board (CMWSSB) has announced that all tax collection counters at its head office and regional offices will operate today (Sunday), from 10 am to 3:30 pm. This arrangement aims to assist consumers in clearing their water and sewerage taxes, charges, and pending arrears for the first half of the 2026-27 financial year before September 30. CMWSSB said that consumers can also make payments online using credit/debit cards or net banking via <https://bnc.chennai-metrowater.in/#/public/cus-login>. Alternative payment methods include UPI, QR codes, cheques, demand drafts, and e-Sevai centres. The board urges residents to settle their dues promptly to avoid surcharge fees.

Mogappair gas crematorium to remain closed till Oct. 14

By N Rathni Chithra

THE gas crematorium on Mogappair Road will remain closed till October 14 to facilitate maintenance and repair works, according to an announcement issued by the Greater Chennai Corporation.

The crematorium, located in Ward 86 of the Ambattur Zone, will not be available for use during the maintenance period. The civic body said the temporary closure was necessary to carry out repair works at the facility.

The crematorium is used by residents of Mogappair and surrounding neighbourhoods for conducting last rites. The temporary shutdown is there-

fore expected to require residents to make alternative arrangements during the period.

According to the civic body's announcement, maintenance work is being undertaken at the gas crematorium and the facility will remain non-operational from September 24 to October 14.

"Maintenance work is being carried out at the gas crematorium located on Mogappair Road in Ward 86 of the Ambattur Zone," the Corporation said in its announcement.

The Corporation has also advised residents to use an alternative gas crematorium during the closure period. According to the announcement, people can make use of the Ambattur gas crematorium for

funeral services while the Mogappair facility remains closed.

"During the days on which the maintenance works are being carried out, the Ambattur gas crematorium may be used," the announcement said.

The Corporation's decision to undertake the maintenance work follows the need to keep the crematorium's facilities in working condition. The civic body has not indicated any extension of the closure beyond October 14 in the announcement.

The Corporation said the Mogappair gas crematorium would resume operations after completion of the scheduled maintenance and repair works.

Owners to pay Rs 10K fine for abandoning pets

PET owners will face a fine of Rs 10,000 from Oct 1, if they abandon their pet dogs or cats after registering them with the Greater Chennai Corporation (GCC). In a resolution passed by the corporation's monthly council on Friday, the civic body said the fine would apply to the owners who abandoned their microchipped pets. The corporation had ini-

tially proposed a Rs 25,000 fine, but the standing committees on public health and taxation and finance recommended Rs 10,000.

The resolution noted that the fines would be collected by GCC veterinary officers, medical officers and sanitary officers through point of sale machines. If abandoned pet dogs are found on roads and public spaces and scanned using the microchip

scanner, the identity of the owner will be traced from the details in the microchip and the owners will be fined, the resolution added.

The GCC had mandated pet registration and microchipping last year to ensure that pet animals were vaccinated against rabies and to prevent abandonment. The civic body stated that from the day registrations began on October 3, 2025 till July 30, 2026, there had been 78,238 registrations.

Pvt dairies to hike milk prices

PRIVATE dairy firms are likely to raise milk prices by up to Rs 4 a litre and curd prices by Rs 2 a kg from Saturday, citing higher procurement costs, the Tamil Nadu Milk Dealers Employees Welfare Association said. The decision comes close on the heels of Arokya's recent price revision and is expected to be followed by major private brands, including Dodla, Heritage, Tirumala, Srinivasa, Vallabha and Jersey, besides other dairies operating in the State. It said the widening gap could drive more consumers towards Aavin.
